YOUR WEDDING

This is the day you have been planning for and dreaming of. Your favorite people in the world are gathering, the dance floor is waiting, the champagne is chilled. Every little detail has been tended to and now it's time to walk down the aisle and join forces with your one true love. You will remember these moments for the rest of your life; the family, the friends, the cake, the music, the tears and the laughter. You deserve to have this beautiful experience thoughtfully documented as you share the story of your wedding with family and friends in the decades to come.

ENGAGEMENT SESSIONS

You are at the end of one important life phase and about to embark on a new and meaningful chapter together. You haven't walked down the aisle yet but you are on your way. These are the private and precious moments when it's still just the two of you preparing for the adventure ahead. Engagement sessions are a wonderful way to celebrate who you are as a couple and reflect on your unique love story before your friends and family gather to watch you take your vows. It's also a fantastic opportunity to get to know your photographer and become comfortable in front of the camera so that when the day of your wedding arrives you are carefree and confident.

NEXT DAY

Your special day in Santorini deserves to be remembered and enjoyed for ever! We create your wedding next day photos with all the unique moments and emotions, so you can enjoy and share your memories with your loved ones.

CAPTURING THE STORY OF THE DAY

When you hire a professional photographer for your wedding you are not only hiring someone to take pretty pictures but also a person who is a storyteller. A professional photographer takes the time to really listen to you and your love story. They will know the people and moments that are most important to capture on your wedding day and will take gentle care to create an atmosphere where your story can unfold. Always in the background, observing and guiding, a professional photographer documents your story in such a way that when you see your photographs you will be able to truly relive the beautiful and unique story of your wedding day.

ALBUMS

What would it feel like to hold a custom made wedding album in your hands that tells the story of your wedding day? What would it mean to share this story with your children and grandchildren?

These heirloom pieces are the beginning of your legacy and allow you to bring your love story to life for yourselves and for generations to come.

So in few days we will send to your email address a digital album layout which you can print. Also you can show it to your friends anywhere, anytime because it is a flip book for your smartphone, tablet or laptop.

DETAILS

Many years later in your pictures you will see what you would like, your hopes and your desires, your love. Details of your life... stories for your children.

The best time to book a photographer is right after you book your venue. You want to get comfortable with your photographer and allow time to have a conversation about your vision and specific needs for your photography.

W E D D I N G

This is the day. No matter how stressed you are, we are here to calm you and take care of you. We'll capture your day, your story, your life. Whether your family views your photos in a month or 50 years from now, they'll see your entire story.

It's a good idea to get your engagements sessions booked right away. Most people aren't used to being photographed professionally so this is a wonderful opportunity for the bride and groom to get comfortable in front of a camera. Think of this as a trial run with the end result being gorgeous photographs of the two of you leading up to your big day. This is also a fantastic time to do a test run for hair and makeup.

While the memories of that important day of your life have not faded yet, you will receive high resolution photos of your wedding. Just in 25 days

Engagement photos are timeless. Unlike your wedding photographs that tell a complete story with all your family and friends, these are more intimate, documenting just the two of you before your big day. This gives you a chance to spend some quiet time together,
